Field of the Invention This invention relates generally to a vehicle air bag system and, more particularly, to an air bag control system for use with an air bag deployment system which includes a plurality of inflatable air bags. 2. Discussion of the Prior Art It is known to inflate an air bag for a vehicle occupant to protect the vehicle occupant from being injured in a collision. A conventional inflatable air bag used for such purpose is normally disposed within an air bag cover which is disposed in the vehicle dashboard or other suitable location. Examples of such systems are disclosed in U.S. Pat. Nos. 4,742,968 and 4,998,751.
